November 12, 2013

Dear Parent or Guardian,

On Monday, January 13, 2014, Palms Middle School will implement the Breakfast in the Classroom (BIC) program. BIC provides a free breakfast to each student without regard to Title 1 eligibility or ability to pay. Every student will be offered a breakfast free of charge. Breakfasts will be prepared according to the District's recipe for healthy eating.

A special BIC Homeroom period of 22 minutes will be incorporated into the bell schedule. Homeroom will take place from 8:00 a.m. to 8:22 a.m. every day, including Tuesday and Minimum Day bell schedules. Please note that there will be no nutrition food services during the break (formally nutrition), only breakfast and lunch.

BIC is a District-wide healthy eating program which will be slowly phased into all LAUSD schools. Your children may be familiar with this program as many elementary schools have adopted it.

If you require more information, please contact The Food Services Division at (213) 241-2956 or email them at BIC@lausd.net. You may also visit the Food Services website.

Respectfully yours,

Dr. Derek Moriuchi
Principal
