Secondly, the District will be at Palms to provide assistance with obtaining an Apple ID. Your child must have an ID prior to receiving an iPad. You may go to appleid.apple.com to learn what an Apple ID is, legal reasons for having one and parental controls. I encourage you to obtain an ID for your child as soon as possible. The deadline is Friday, February 28, 2014. The District will be at Palms on 2/13/14; 2/15/14; and 2/18/14 to help parents create an Apple ID. Please see the attached list of dates and times.

Our teachers and staff are very excited to be able to present an iPad to every student. It is a remarkable device which will enhance your child’s learning. Please contact the school at (310) 253-7600 if you have questions.

Respectfully yours,

Derek Moriuchi, Ed.D.
